

Sizing for costumes

Please see reverse side for the appropriate sizing charts

Do's

- ✓ Please make sure your student is wearing the proper undergarment for their measurement. Measuring with a bulky shirt on will not be an accurate fit
- ✓ Please actually measure. These costumes can be quite different from your normal "street" clothes.
- ✓ Try to be as accurate as possible. The size you tell me will be the size I order for your child. These take 5-7 weeks to make. If the size is wrong it is possible your child will not have a costume in time.
- ✓ When finished measuring please fill out the form on www.edgewoodchoirs.com the sooner I have all the sizes, the sooner we can order!!
